

## TEXAS EDUCATIONAL DIAGNOSTICIAN'S ASSOCIATION

Dear Fellow Diagnostician's:

The week we have been waiting for is Finally Here! The Week of March 8-12, 2010 has been noted as EDUCATIONAL DIAGNOSTICIAN'S WEEK.

I have been in contact with the Governor's Office since the months of November, December, January, and February, and March to have the Governor sign the official Proclamation as Educational Diagnostician's Week. I am waiting for the Proclamation to come through. I was told that as soon as it is completed it will be emailed and sent forth. I sadly note this is out of my hands. I have been actively working on this since last November.

I feel, however, this is a very important time to be recognized for all of the hard work that today's Diagnostician's perform. With the constant changes and updates, new regulations, and always changing demands with less and less time we as Diagnostician's are being asked to do more and more. It is imperative to note how hard Diagnostician's work and the sacrifices we make to keep the letter of the law.

As soon as I receive the Proclamation I will send it forth. Please understand and know how great is your contribution to our profession and how appreciated all of you truly are. Have a Happy Diagnostician's Week and be looking for the greatly awaited Proclamation.

Sincerely,  
Randi Johnston  
TEDA President  
2009-2010
